

# What in the world ...?

Can you guess which insect faces these are?

1 Stripy-topped stinger at picnics	2 This crawler will fly one day	3 Named after a German make of car
4 Sounds as if I should play a summer sport	5 When I'm not eating bugs, I'm busy spinning	6 I am a sort of bird but I can't fly
7 A fly that won't say 'nay' to a ride	8 I come out after dark and like flying round a light	9 My home is a pond, not a cave, and I don't breathe fire
