

What in the world ...?

If you look around you can find faces in unexpected places.
Can you guess what each one is?

1 Sticky, found near puddles or a hot geyser	2 Take a saw to a very tall plant	3 A friend of Christopher Robin
4 What face has a bark but no bite?	5 Often very hungry but might fly away	6 I might make the cook cry
7 She might be in a flower show	8 A monkey's favourite	9 A hard nut to crack, it grows in the tropics
